

Westlife, Miss You When I'm Dreaming

(Shane)

Today I didn't think of you
Today was alright
I had a lot of things to do
I was moving on with my life
But now I need
Some answers, some answers
I'm tired and I'm getting weak
Some answers, some answers

(Mark:)

I only
Miss you when I'm dreaming
That's why I don't wanna close my eyes
Tell me why you won't leave
Hurt me when I'm sleeping
The only time I can't put up a fight
Is when I'm dreaming

(Shane:)

Another hour passes by
It's gonna be a long night ahead

(Mark:)

Cause I feel you creeping up
Inside my mind
Every time I look at my bed

(Mark:)

But now I need

(Shane and Mark:)

Some answers, some answers,

(Mark:)

I'm tired and I'm weak

(Shane and Mark:)

Some answers, some answers

(Shane:)

I only

(All:)

Miss you when I'm dreaming

(Shane:)

That's why I don't wanna close my eyes

(All:)

Tell me why you won't leave

Hurt me when I'm sleeping

(Mark:)

The only time I can't put up a fight

(Kian:)

Dreaming

(Mark:)

The only time I can't live without you

(Kian:)

Dreaming

(Mark:)

I can't let you go

Oh no

(Shane:)

I only

(All:)

Miss you when I'm dreaming (dreaming...)

That's why I don't wanna close my eyes

Tell me why you won't

Hurt me when I'm sleeping (sleeping...)

(Mark:)

The only time I can't control my mind,

Oh oh...

(Shane:)

And the only time I can't put on a fight,

I miss you when I'm dreaming
