

Westlife, Never Knew I Was Losing You

Mark:

I'm feeling so alone now tonight
Even though you're here by my side
Is there something on your mind
From the world you'd left behind

I feel as if the loved shared before
Doesn't wanna be here no more
And if there's something on your mind
There's never been a better time
To tell me

Bryan:

Do you love me
Still wanting me
Like I need you, oh

All:

There came a crossing on the road
If only there were signs to show me
Which direction I should go
I live my life with no regrets
It hasn't caught up on me yet
But I never knew I was losing you

Nicky:

I wonder as you walk through the door
Are you gonna hurt me some more
Never took you for the kind
Who would play up on my mind

Bryan:

Tell me what are you looking for
I can't play your games anymore
And when there's something on my mind
I will always find the time
To tell you

I still love you
Still wanting you
How I need you, oh

All:

There came a crossing on the road
If only there were signs to show me
Which direction I should go
I live my life with no regrets
It hasn't caught up on me yet
Well I never knew I was losing you
Losing you

Bryan:

It's not for the first time
That someone else has hurt me
By faking it too long
Where did we go wrong, yeah

All:

There came a crossing on the road
If only there were signs to show me
Which direction I should go
I live my life with no regrets
It hasn't caught up on me yet
Well I never knew I was losing you

There came a crossing on the road
If only there were signs to show me
Which direction I should go
I live my life with no regrets
It hasn't caught up on me yet
Well I never knew I was losing you
Losing you
