

Westlife, That's What It's All About

I know it's all about you
It's all about me
Working it out, yeah
That's what it's all about

Maybe I was wrong about it
Maybe you were right
I was selfish and demanding
Never satisfied
Ooh and maybe I made some mistakes before
but this time I'll get it right

Chorus
I know it's all about you
It's all about me
working it out, yeah
That's what its all about
It's all about love
It's all about trust
I know that you've got your doubts yeah,
That's what it's all, it's all about
Yeah, that's what it's really all about

People said I could live without you
That would be a lie (that would be a lie)
I was surely down without you
How could I survive
Ooh, lesson learned blame it all on me
'Cause you made me realise

I know it's all about you
It's all about me
working it out, yeah
That's what its all about
It's all about love
It's all about trust
I know that you've got your doubts yeah,
That's what it's all, it's all about

Love you got to have some patience
No matter what the situation
When you know what's on your mind
You've got to follow the feelings inside

Chorus to fade
