

# Westlife, Turn around

Some people are lucky baby  
I guess I am to, love found me  
And I found you  
And every time I think it can get better  
You do something new  
And Im renewed  
And when it gets cold and I think its over  
Look what you go and do

Chorus

Every time I turn around, you give me a reason  
For feeling the way that I do  
Every time I turn around, you give me a reason  
To put my faith in you  
Even when you let me down, I forgive you  
Cause I know that youre feeling it to  
Anytime I turn around, you make me believe in  
The things that I already knew

Verse 2

You wrapped me up in kisses baby  
Head to toe let the whole world stare  
I dont care  
You make me breakfast in bed just to show me  
No-one wants me more, Im secure

Bridge

Chorus

Turn around, turn around, turn around  
Turn around, turn around, turn around  
Cause you know and I know  
That its hard to let go so why not hold on  
Hold on to us  
Cause you know and I know  
That its hard to let go so why not hold on

Chorus

Bridge

Every time I turn around, turn around, turn around,  
Bridge  
Even when you let me down, turn around, turn around,  
Bridge  
Anytime time I turn around, turn around, turn around,  
Bridge  
Every time I turn around
