

Westlife, Until The End Of Time

[All:]

Until the end of time
I'm longing for you
And if you feel the same
Then show me your love
I'll give you everything that money can't buy
And I'll promise I'll be right by your side

[Shane:]

I imagine being wrapped up in your arms
And feeling your heartbeat
And I find myself longing to hold you close
It's how I feel
'Cause I've been through a lot these years
And I have lost count of my tears, oh

[All:]

Until the end of time
I'm longing for you
And if you feel the same
Then show me your love
I'll give you everything that money can't buy
And I'll promise I'll be right by your side

[Mark:]

'Till the end of time
oh yeah

[Shane:]

If only you could tell me what's on your mind
And show how you feel
And I wonder where you are heading this time
And where you belong

[Mark:]

'Cause I know that if you would be here
I'll do anything 'cause my love is real
And even though moments are sad
I look in your eyes
And I know this will last, oh

[All:]

Until the end of time
I'm longing for you
And if you feel the same
Then show me your love
I'll give you everything that money can't buy
And I'll promise I'll be right by your side

([Mark:]

'Till the end of time)

Until the end of time
I'm longing for you
And if you feel the same
Then show me your love
I'll give you everything that money can't buy
And I'll promise I'll be right by you side

([Mark:]

'Till the end of time)

I'll give you everything that money can't buy

([Mark:]
Things that money can't buy
Things that money can't buy)
