

Westlife, When I'm With You

When I'm with you, when I'm with you
When I'm with you you you you...when I'm with you

Verse 1

What good's a memory
Without you there with me
The morning sun ain't the same without you here
You are the summer breeze
The wind blowing through the trees
You make the loneliness all just disappear

Bridge

Nothing replaces your touch
Never stop believing in us
They try to break us but we stand strong in love
They'll be no distance too far
I gotta be where you are (right where you are)

Chorus

I don't wanna face this world alone
Without you by my side
You're the only one that makes it feel like home
And I need you in my life
When you're not around I'm feeling
Like a piece of me is missing
When it feels like the day is closing in
Somehow I find the faith to make it through
When I'm with you, when I'm with you
When I'm with you you you you.....when I'm with you

Verse 2

What good's a photograph
If you're not in the other half
Why even dream if I'm not dreaming of you
You make me a better man
Promise I'll do all I can
Your love keeps bringing me closer to the truth

Bridge

Chorus

Bridge

I questioned whether time or fate
Would ever show me a sign
The moment I saw you that's when I knew
I feel it when I'm with you

Chorus
