

Weston Estate, Drown

i'm gon float when you drown
cause i been fine here all alone
i been right here on my own
so long

i'm gon walk when you're down
cause girl this house don't feel like home
and these feelings that i hold
are so wrong

can't understand when i'm locked up in your room all night
am i rude? all you do is heal the bruise i got
i'm not your man i'm just tryna be your boo tonight
i know i said all i did but i cant take his spot

do you believe in love?
cause girl i'm running from it
i know you feel my heart
oooh la la la la
do you believe in love?
can't take your side
i don't believe it
i don't believe it
i don't believe it

i can't be
what you want
baby all i needs
summer loving
if you can't breathe
grab my arm
but don't on count me
summer love
Summer love

cut it off
we jus be sipping on some bacard
we just been taking shots in the dark
i just been running laps round your heart
oh my
she get what she want
my mind
ain't what you thought
darling you make me feel alive
oh i

do you believe in love?
cause girl i'm running from it
i know you feel my heart
oooh la la la la
do you believe in love?
can't take your side
i don't believe it
i don't believe it
i don't believe it

i can't be
what you want
baby all i needs
summer loving
if you can't breathe
grab my arm
but don't on count me
summer love

Summer love

I'm not your friend don't keep me close,
I'll give you comfort that's all I know,
Under the covers and through the night,
Then I'm gone gone gone gone

Who the f gon' hold you when you're cold, hold you when you're cold
Keep you on yo toes, shit you'll never know,
I know this ain't love, I know this ain't love,
Told you I'm gone, told you I'm gone

I can't be, what you want
baby all I needs, summer loving
if you can't breathe, grab my arm
but don't count on me, summer love,
I just want summer love
