

Westworld, Get A Life

Is it right, the way we do each other?
Talking cheap exploiting what's uncovered
We're only human, you and I and the ones that we love
If god is our witness then she'd say

Why don't you get a life?
Get a life
Why don't you get a life?
Get a life
You think you know me, but I think you're on crack
Since I met you, been pulling knives from my back
We're in this together, you and I and the ones that we love
If god is our witness then she'd say

Why don't you get a life?
Get a life
Why don't you get a life?
get a life

We're only human, you and I and the ones that we love
If god is our witness then she'd say

Why don't you get a life?
Get a life
Why don't you get a life?
Get a life
