

Wet Wet Wet, Maybe I`m in love

Fly, to fly like a bird,
To heavens above,
On the wings of love.
Shine, to shine like the sun,
And warm up my life,
And make it all worthwhile, yeah
Hand in my heart, it tears me apart
When Im away
When I come home
Dont wanna be on my own
I said baby maybe Im in love
Life, to have and to hold
To cherish the love
That we could share together
High, as high as the moon
The stars in the sky
Beyond them Id take you and I
Hand in my heart, it tears me apart
When Im away
When I come home
Dont wanna be on my own
I said baby just maybe Im in love
Yeah, blow blow blow blow
Yeah, all the way
Fly, to fly like a bird
To heavens above
On the wings of love
Hand in my heart, it tears me apart
When Im away
When I come home
Dont want to be all alone
I said baby oh baby Im in love
With you
Im in love with you
