

# Wet Wet Wet, Sweet Surrender

Hey little fella, get your show together  
I was listening in before  
Now I don't care no more

Look around now (look around now)  
It's always that it's gonna get me down  
It's only begun

One look is all it took  
I remember that sweet surrender  
I recall, do you  
That sweet surrender

Sweet surrender

My determination  
Came creeping across the nation  
Sure mistake for anyone  
So you can't take home everyone  
Cause it's only just begun

One look is all it took  
To remember that sweet surrender  
I recall, do you  
That sweet surrender

I don't know, I don't care  
Cause I'm living without you baby  
Even when I know what's going on  
Yeah it only took, one look, one glance  
To set my heart for romance  
Do you believe my sweet surrender

My sweet surrender

Hey little fella, now your show's together  
I never wanted you to listen before  
So why should I walk out the door  
Stick around now (stick around now)  
And so the story goes on through the night  
It's only begun

One look is all it took  
I remember that sweet surrender  
Do you recall, cause I do  
My sweet surrender

I don't know, I don't care  
Cause I'm living without you baby  
Even when I know what's going on  
Yeah all it takes, one look, one glance  
To set my heart for romance  
One look is all it took  
My sweet surrender

That sweet surrender  
One look is all it took to remember  
(I don't know and I don't care)
