

Wheel Catherine, Dead Girl Friend

Don't look back
Please don't cry
I have this need
You must oblige me
There's no way out
So please don't try
I fill your mouth
I hear you cry
As you don't understand me anymore
I tie your wrists
Leave you bleeding, leave you raw
And fantasize, kid myself that you want more
(faint murmuring)
I'm sorry now
Didn't mean to hurt
I couldn't stop
It felt so good
(scream)
As you don't understand me anymore
I tie your wrists
Leave you bleeding, leave you raw
And fantasize, kid myself that you want more
If you don't understand me anymore
I tie your wrists
Leave you bleeding, leave you raw
Fantasize...you want more
