

# Whigfield, Think Of You

I got me feelin  
It Never was part of me  
You got me reelin  
Right into the heart of me  
Don t keep me waitin  
Cos I need your body tonight

I got me thinkin  
My life it was endin  
And when I was sinkin  
I found me a friend and now  
You got me singin  
I need you beside me tonight - oh

When I think of you  
I feel like flyin  
Like a dream come true  
Bad times are dying  
When I think of you  
I need your body tonight

With your affection  
My life ain't the same  
'Cos it's like resurrection  
I'm callin your name  
And you're close to perfection  
And I need your body tonight - oh

I got me thinkin  
My life it was endin  
And I was sinkin  
I found me a friend and now  
You got me singin  
I need you beside me tonight - oh

When I think of you - oh  
When I think of you - oh  
When I think of you  
I need your body tonight

Da ba da da - dee dee dee da da da  
Da ba da da da - dee dee dee da da da  
Da ba da da - I need your body tonight
