## Whiplash, Snake Pit

Judgement day's here, smell of death's near Captor's ignoring the cries Tragedy's stand, trouble at hand Death jury plots the demise Hungry to kill Torture at will

Anxiously waiting the word Sentence to cast Won't be the last Laugh when the verdict is heard

Last straw
Through with the final injunction
Case closed
No one will ever get free

(Chorus:) Snake pit Snake pit Snake pit

Guilty of sin, no one will win Death jurers plot till the death Justice at large, make up a change Waiting to stear your last breath

Gaffle will fall, order from all Silence overcomes the court Don't say a word Sentence is heard Might make the vision distort

(Repeat chorus) (Lead) (Chorus) (1st verse) (Chorus)
