

Whiskeytown, 10 Seconds Til' The End Of The W

you know it's just 10 seconds til the end of the world
where's my girl?
you know i thought i saw a star shooting out of the sky
must've been mine.
and all the debris around my feet
on your street
and it's just 10 seconds til the end
where do i begin?

it's not that easy
no it's not that easy (3x)
