

# Whiskeytown, 16 Days, By Whiskeytown

got 16 days

one for everytime i've gone away

one for everytime i should have stayed, should've wore my wedding ring

got 16 days, 15 of those are nights

can't sleep when the bedsheets fight its way back to your side

well the ghost has got me running (ghost has got me runnin')

the ghost has got me running (ghost has got me runnin')

away from you, away from you, away

well the ghost has got me running (ghost has got me runnin')

the ghost has got me running (ghost has got me runnin')

away from you, away from you, away

got 16 days, got a bible and rosary,

God I wish that you were close to me cause i owe you an apology

got 16 days, 15 of those are nights

can't sleep when the bedsheets fight its way back to your side

well the ghost has got me running (ghost has got me runnin')

well the ghost has got me running (ghost has got me runnin')

away from you, away from you, away

well the ghost has got me running (ghost has got me runnin')

ghost has got me running (ghost has got me runnin')

away from you away from away

old tin cups, and little paper dolls

all wrapped up in ribbons for your heart

old tin cups and little paper dolls

all wrapped up in ribbons of your heart

got 16 days

16 days

got 16 days

its like before I hang.
