Whiskeytown, My Heart Is Broken

my heart is broken my love is gone i live without you your pillow cold i am forsaken i can't go on my heart is broken my love is gone

if i hadn't cheated while you were gone the well that we'd been drinkin from wouldn't a dried and turned cold

my days are empty my nights are long five cups of coffee for the years gone wrong

if i hadn't cheated while you were gone the well that we'd been drinkin from wouldn't a dried and turned cold

my days are empty my nights are long my heart is broken my love is gone my love is gone
