

# Whiskeytown, The Rain Won't Help You When It's

takes a friend to laugh when it's over  
takes a fool to cry when it's over  
take the sun...take the sun...  
take the sun from the sky then it's over  
the rain won't help you when it's over {3x}  
the rain can't help you when it's over

our mother dies and it's over  
her father dies when it's over  
take the sun.... take the sun  
wipe the tears from her eyes when it's over

the rain can't help you when it's over {16x}
