

# Whispering, My Heavenly Escape

A bridge in the mist  
Leads my path through  
This world.  
Silence behold my darkest thoughts.  
In a far distance a rainbow's shining.  
A glance in the depth there's  
Nothing in my sight.  
As holy words speaks,  
Giving me answers...  
Of my prayers, I cannot fear.  
Words of lies don't heal the pain...  
Only the salvation of my soul  
All the reasons of my coming home...  
Are for those who left behind.  
I can't see the heaven anymore.  
All what's left is a shining light.  
Clouds of darkness leaving me.  
I'm heading straight down to earth.  
I can feel myself again,  
Without the hand of a mighty angel.  
I'm pulling towards my destiny,  
Entering the edge of earth...
