

# Whispering, Soul Sacrifice

I'm tired of the ghosts  
That haunt me.  
Cannot seem to let  
Them go.  
I now want to end it all.  
Surrender to myself.  
Give up every hope for life.  
Into emptiness I fall.  
No salvation for my soul  
Before I'm lost.  
I'm in the hands of  
The unknown.  
Now I'm free.  
From my earthly bounds.  
I can go as I please.  
Do I seek eternal peace,  
Or shall I roam amongst  
The everlasting silence  
Of my eternal sleep.  
Now see what you've done,  
You've chosen Immortality.  
Now you're forever free.  
Is this what you wished for  
And now received.  
A life of endless despair.  
Oh no trapped inside my destiny.  
No escape from my immortality.  
I don't want to spend my  
End this way.  
My soul's lost as I scream  
And fade away.  
You've made a soul sacrifice.
