## White Lion, Love Dont Come Easy

There comes a time when baby you and me We gotta work it out whatever it will be It feels so right but somewhere deep inside You dont know how you feel you dont know if its real

Chorus:

Do you want it
Do you need it
'cause Love don't come easy
Do you want it
Do you need it
'cause Love dont come easy

There comes a time when you wake up one day Not knowing if our love will take us all the way And suddenly Oh you feel you must decide If we should carry on with what we've just begun You know that it aint always easy You know that it aint always right When love finds a place in your heart

## Chorus

You can walk out through this open door Just like so many times before And if you don't find what you're looking for You may be lost forevermore

Oh yeah

Oh you know that it ain't always easy You know that it ain't always right When love finds a place in your heart

There comes a time When baby you should know If we're gonna make it You gotta let it show

I can't wait to find out in the end That you will not be standing Right here by my side

Chorus
