

# White Stripes, The Denial Twist

If you think that a kiss is all in the lips  
C'mon, you got it all wrong, man  
And if you think that our dance was all in the hips  
Oh well, then do the twist  
If you think holding hands is all in the fingers  
Grab hold of the soul where the memory lingers and  
Make sure to never do it with the singer  
'Cause he'll tell everyone in the world

What he was thinking about the girl  
Ya, what he's thinking about the girl, oh

A lot of people get confused and they bruise  
Real easy when it comes to love  
They start putting on their shoes and walking out  
And singing "boy, I think I had enough"

Just because she makes a big rumpus  
She don't mean to be mean or hurt you on purpose, boy  
Take a tip and do yourself a little service  
Take a mountain turn it into a mole

Just by playing a different role  
Ya, by playing a different role, oh

The boat ya you know she's rockin' it  
And the truth well ya know there's no stoppin' it

The boat ya you know she's still rockin' it  
The truth well you know there's no stoppin' it

So what, somebody left you in a rut  
And wants to be the one who's in control  
But the feeling that you're under can really make you wonder  
How the hell she can be so cold

So now you're mad, denying the truth  
And it's hidden in the wisdom in the back of your tooth  
Ya need ta spit it out, in a telephone booth  
While ya call everyone that you know, and ask 'em

Where do you think she goes  
Oh ya, where d'ya suppose she goes, oh

The truth well you know there's no stoppin' it  
And the boat well ya know she's still rockin' it

The boat ya you know she's still rockin' it  
And the truth ya you know there's no stoppin' it

You recognize with your back in the back?  
That it's colder when she rocks the boat  
But it's the cause hittin on the Cardinal Laws?  
'bout the proper place to hang her coat

So to you, the truth is still hidden  
And the soul plays the role of a lost little kitten but  
You should know that the doctors weren't kiddin?  
She's been singing it all along

But you were hearin' a different song  
Ya you were hearin' a different song  
But you were hearin' a different song
