

White Zombie, Ratfinks, Suicide Tanks, And Cann

Unlike the devil,
I've never seen the face of god,
Sweet Mr. Jesus,
Infected on my skin,
Demons surround you,
I'm crawling on the ground,
Shame for another,
Another taste of life

It's alive, oh everybody
It's alive, oh the creepers call me

Dead parts surround you,
Draw me forever black,
My creature core is,
Is crawlin on the ground,
Calling another
Unholy wall of sound,
Say that you love it
Don't make me turn it down

[Chorus]

Born to kill,
Black, blue, and bloody fingers
Hong kong hell,
Been time to face this wheel,
Now filthy smooth,
I'll tell the pussy cats,
And ultra pain,
Gonna blow it all away

[Chorus]
