

# Whitesnake, Black And Blue

You never call me, babe,  
Until your man is gone,  
I know its you  
When I pick up the telephone.  
You ask me how I am  
And if Im doing well,  
When all you want from me  
Is just to ring your bell.  
Take your time, we can do some lines,  
Cos its alright.  
We can feel fine drinking midnight wine,  
Cos its alright.  
Black and blue, black and blue,  
I said come over here, baby,  
And love me till Im black and blue.  
You got the key to love  
Dressed in your innocent smile,  
You know you touched me baby,  
So wont you stay for a while.  
And take your time, we can do some lines,  
Cos its alright.  
We can feel fine drinking midnight wine,  
Cos its alright.  
Black and blue, black and blue,  
I said come over here, baby,  
And love me till Im black and blue.  
Black and blue, black and blue,  
I said come over here, baby,  
And love me till Im black and blue.  
(Solo)  
Take your time, we can do some lines,  
Cos its alright.  
We can feel fine drinking midnight wine,  
Cos its alright.  
Black and blue, black and blue,  
I said come over here, baby,  
And love me till Im black and blue.  
Black and blue, black and blue,  
I said come over here, baby,  
And love me till Im black and blue.  
I said come over here, baby,  
And love me till Im black and blue.  
Black and blue...
