

Whitesnake, Lady Luck

She was a juke-box dancer
A blue eyed gypsy queen
She always had an answer
For what shed done
And where shed been
A feathercane Lady Midnight
For all around to see
She spoke with words of wisdom
And this is what she said to me
Lady luck
Cmon give me what I want
Pull me up
Lady luck
If I see you again
I will call you my friend
I have always been a sinner
But then the lady came along
She stole my heart and turned me round
Till I didnt know right from wrong
She whispered words of kindness
Id never ever heard before
Golden words and silver tongue
Till I really couldnt take no more
Lady luck
Cmon give me what I want
Pull me up
Lady luck
If I see you again
I will call you my friend
Cmon shake me
