

# Whitesnake, Lady Luck

She was a juke-box dancer  
A blue eyed gypsy queen  
She always had an answer  
For what shed done  
And where shed been  
A feathercane Lady Midnight  
For all around to see  
She spoke with words of wisdom  
And this is what she said to me  
Lady luck  
Cmon give me what I want  
Pull me up  
Lady luck  
If I see you again  
I will call you my friend  
I have always been a sinner  
But then the lady came along  
She stole my heart and turned me round  
Till I didnt know right from wrong  
She whispered words of kindness  
Id never ever heard before  
Golden words and silver tongue  
Till I really couldnt take no more  
Lady luck  
Cmon give me what I want  
Pull me up  
Lady luck  
If I see you again  
I will call you my friend  
Cmon shake me
