

Whitmore, Side By Side

Can I take a minute of your time
To reason and question you why?
To a breath and think about what you do
cause you know that the stakes are so high
These are real fucking people with problems like you
Give them a second, they'll tell you the truth.
You cannot hear them and I can't stand you, yeah.
Well you had the time, to change your mind.
Now your ignorance bothers me yeah.

I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time (long time)
I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time (long time)

Can I take a second to decline
Your views and your vicious lies
Take a seat and think about what you do
cause you know that you might well die.
These are real fucking people with feelings like you
Give me a second, I'll lay down some proof.
I've got the truth and you can't stand it yeah.
Well you had the time, to change your mind.
Your hatred angers me, yeah.

I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time (long time)
I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time, THE WRONG TIME

I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time (long time)
I take a look at you and see you got no brain
It's been a long time (long time)
You racist motherfucker, gonna feel a world of pain
It's been a long time (LONG time)

AARRRGGGGHHHHH!
