

# Whitney Houston, After We Make Love

I've been waiting such a long time  
For a love that's real to come my way  
Gonna take some getting used to  
Now that love is here to stay

After we make love  
It's good to be lost in the afterglow  
All I'm dreaming of  
I just can't let the feeling go

After we make love  
I feel I've been touched by  
All that heaven and earth will allow  
All that matters here and now

Now the world is full of wonder  
You've turned my life around in just one day  
I love the spell you've put me under  
Just one kiss can take my breath away

[Chorus]

All the lonely days and nights  
Were well worth going through  
I'm so glad I didn't give my heart away  
So I could give it all to you

[Chorus]
