

Whitney Houston, Life's a party

Love, love, smile, everybody smile, dance
Cause life's party everyone comes to, comes to
Join in! Come on!
Love, everyone love
smile, everyone smile
Dance, everyone have a ball
Cause life's party everyone comes to
Laugh, everyone laugh
Sing, everyone sing
Live, everyone have a ball
Cause life's party everyone comes to
Lift your head up when life looks dreary
Let your wishes climb to the sky
Things will always make a life brighter
if you go lighter, take it a try, then you will bind
So love, everyone love
everyone smile, everybody smile
Dance, everyone have a ball
Cause life's party everyone comes to
Join in! Come on!
