

# Whitney Houston, What you lookin' at

Unidentified male intro:

It's time for you to strike back

They're lookin' at you

Whitney Houston

Muhammad 2 G

They're watching your every move

Whitney:

Bobby

Unidentified male:

They're watching you

Chorus:

Why you lookin' at me

Don't get mad at me

'Cause I'm still gonna be me

(Tell me, Tell me, Tell me)

Whatchulookinat

(Tell me, Tell me, Tell me)

Whatchulookinat

I feel your eyes on me

You been telling lies on me

(Tell me, Tell me, Tell me)

Whatchulookinat

(Tell me, Tell me, Tell me)

See I don't understand

Why you keep peepin' me

When you don't even like me

You're after me and my man

Don't think you're stressing me

'Cause your lies don't excite me, no no

(Never thought)

Never thought, Never thought

(Never knew)

Never knew that you would do this to me

Do this to me

(Try to ruin me) Ruin me

(Be my enemy) Be my enemy

(Never thought)

Never thought, Never thought, Never thought

(That you) That you

Would act as if you're cool with me

So why you lookin' at me

Why you lookin' at me

(Don't get mad at me)

Don't get mad

('Cause I'm still gonna be) Gonna be me

(Tell me, Tell me, Tell me)

(Whatchulookinat)

Me, Me, Me

(Tell me, Tell me, Tell me)

(Whatchulookinat)

Tell me whatchulookinat

(I feel your eyes on me)

Feel your eyes

(You been telling lies on me)

Telling lies

(Tell me, Tell me, Tell me)

Tell me

(Whatchulookinat)

(Tell me, Tell me, Tell me)

Whatchulookinat

Oh you know you're wrong

Don't wanna respect my song

But it's okay 'cause either way

My following is real strong

You try so hard to show the whole world what I do  
Now I'm turning the cameras back on you  
Same spotlight that once gave me fame  
Trying to dirty up Whitney's name  
(Never thought)  
Never thought, Never thought, Never thought  
(Never knew)  
Never knew that you would do this to me  
Do this to me  
(Try to ruin me) Try to ruin me  
(Be my enemy) Be my enemy  
(Never thought)  
Never thought, Never thought, Never thought  
(That you) That you  
Would act as if you're cool with me  
Why you lookin' at me  
Chorus (2x)  
Messing with my reputation  
Ain't even got no education  
Trying to mess with my concentration  
Don't even have a clue of what I'm facing  
All you know you need to stop it  
Defaming my name for a profit  
God is the reason my soul is free  
And I don't need you looking at me  
Chorus (2x)  
Unidentified male:  
Look atcha self
