

Who Is Fancy, Goodbye

I was a hot mess in my Sunday best
Black tears in my eyes
You were my first love, you were my only one
I can't believe your lies
Once we were like bottle rockets
Now I know I have to stop it,
Please believe me, this isn't easy
I just need to say goodbye,
Goodbye
Goodbye
Losing my mind
Goodbye!

You gotta new friend,
You like to play pretend,
I'm just keeping my cool
Turn on that smoke machine, magic and make it believe
So you'll never know you like I do
Once we were a fire burning,
Now you're just a lesson I'm learning
Please believe me, this isn't easy
I just need to say goodbye,
Goodbye
Goodbye
Losing my mind
Goodbye!

I know that I can find somebody,
You won't ever find nobody else like me!
I know that I can find somebody,
You won't ever find nobody else like me!
I know that I can find somebody,
You won't ever find nobody else like me!
I know that I can find somebody,
You won't ever find nobody else like me!

Once we were like bottle rockets
Now I know I have to stop it,
Please believe me, this isn't easy
I just need to say goodbye,
Goodbye
Goodbye
Losing my mind
Goodbye!
