

# Why Store, Everybody Holds The Future

Everybody holds the future  
Everybody holds the world  
Do you ever wonder baby  
What this is all about?  
Do you ever question girl  
The things you tend to doubt?  
Well there's no reply  
It's better off to die  
When you're feeling all alone  
Do you hear the answer baby  
When you're sitting on the throne  
Got a penny in your pocket baby  
A penny in your mind  
You hope someone will stop it girl  
You hope to avoid the crime  
You've never been so lonely baby  
You've never been so blue  
You can't afford the doctor girl  
So what you gonna do?  
Do you feel the lonesome anger baby?  
When you're feeling all alone, yeah!  
Do you feel the lonesome anger baby?  
She said baby that's somethin' I've always known  
She said baby that's somethin' you ought to know
