

# Wide Mouth Mason, Smile

I'm looking at a long time to get there  
I'm looking at a black light  
I'm looking at a fall from a building  
I'm looking at the firefly

And I think  
I can't even think  
I can't even speak  
I can still smile

Still waiting 'till the freezing is over  
Still feel it stick to me inside  
Still falling as I'm holding the table  
Still waiting on the sunrise

And I think  
I can't even think  
I can't even speak  
But I can still smile  
I can still smile

Buried in the sky like a planet in daylight  
Not hidden very well  
I can only see half of what's going on  
But I'm alright, cause I can still smile  
I can still smile

And I think  
I can't even think  
I can't even speak  
I can't even think  
I can't even think  
I can't even speak  
I can't even think  
I can't even speak  
But I can still smile  
I can still smile
