

Wide Mouth Mason, Watchewan

I got watchewan right here baby
Watchin' everything that you do
And you saw me, now you're watching me too
Are you lonely, there's some things we can do
To make it better

I got watchewan right here baby
Lonely days are at an end
I won't lie I won't pretend
Lonely days are over

Baby, the caress of your hand
When you touch me, I can barely stand
Move slowly, or maybe move fast
Say how you want it/me

I got watchewan right here baby
Lonely days are at an end
I won't lie I won't pretend
Lonely days are over

I know (oh no) if they found out (oh no)
It'd be all they talk about
But I don't care (oh no)
I'll take that chance (oh no)
'Cause I'm wonderin' what it's like to get into your waaaooohhhh!

I got watchewan right here baby
Lonely days are at an end
I won't lie I won't pretend
Lonely days are over
