Widespread Panic, Walkin'

Walkin' - for your love Walkin' - for your love Walkin' - for your love Walkin' - for your love

I'm only going where my eyes are going I'm only going where my toes are pointed I just bought me this new pair of big shoes I'm only going if I can walk there with you

Shinin' - for your love Shinin' - for your love Shinin' - for your love Shinin' - for your love

I'm afraid to open my eyes I'm even afraid to look at you Right here - I'm gonna open my eyes I'm gonna move with you

Disappearin' - for your love Disappearin' - for your love Disappearin' - for your love Disappearin' - for your love

We're only going in this closet here I'm only going if the doorknob turns I'm only going if the light goes on I'm only going if I can boogie with you
