

# Wilburn Brothers, That's When I Miss You

I want to kiss you that's when I miss you  
I'm missin' what you're with me all the time  
When I see a rose in bloom lovers on their honeymoon  
That's when I miss oh how I miss you

When the birds begin to sing and I know it must be spring  
That's when I miss you oh how I miss you  
To dream of you is my delight wondering dear if you're all right  
That's when I miss you oh how I miss you  
But I want to kiss you...  
( fiddle - steel - guitar - piano )  
Oh the nights are much too long and when I hear our old love song  
That's when I miss you oh how I miss you  
Everytime I hear your name in my heart I feel the pain  
That's when I miss you oh how I miss you  
But I want to kiss you...
