

Wilco, Wilco The Song

Are you under the impression,
This isnt your life,
Do you dabble in depression,
Someone twisting a knife in your back,
Are you being attacked,
Oh this is a fact,
That you need to know,
Oh, oh, oh, oh Wilco,
Wilco,
Wilco will love you Baby,
When times getting tough,
All the roads you travel rough,
Have you had enough uh-oh,
Tired of being exposed to the cold,
Stare at your stereo,
Put on your headphones,
Dont pull out your hair,
Colbert, Colbert,
Colbert will love you baby,
So many wars that just cant be won,
Even before the battles begun,
This is a man with arms open wide,
A shoulder for you to cry,
Wilco,
Wilco will love you baby,
Someone twisting a knife in your back,
Are you being attacked,
Oh this is a fact,
That you need to know,
Oh, oh, oh, oh Wilco,
Wilco,
Wilco,
Wilco,
Wilco will love you Baby
