

Wild Beasts, Palace

In detail you are even more beautiful than from afar
I could learn you like the blinded would do
Feeling away through the dark

In the darkened house of love it felt like I was sleeping rough
The bath ran cold
If this is a palace then that was a squat
Baby there's have-alls and there are have nots
I'm happy with what I've got

Winter was long, now we've come to feast
We may be savage and raw but at the core we've higher needs

A palace,

The past pulls faces of are those who vaguely resemble love
But weren't close enough.
You remind me of the person I wanted to be
Before I forgot

A palace,
A palace, a palace.
It's our palace

Winter was long, now we've come to feast
We may be savage and raw but at the core we've higher needs
