

# Wild Beasts, Palace

In detail you are even more beautiful than from afar  
I could learn you like the blinded would do  
Feeling away through the dark

In the darkened house of love it felt like I was sleeping rough  
The bath ran cold  
If this is a palace then that was a squat  
Baby there's have-alls and there are have nots  
I'm happy with what I've got

Winter was long, now we've come to feast  
We may be savage and raw but at the core we've higher needs

A palace,

The past pulls faces of are those who vaguely resemble love  
But weren't close enough.  
You remind me of the person I wanted to be  
Before I forgot

A palace,  
A palace, a palace.  
It's our palace

Winter was long, now we've come to feast  
We may be savage and raw but at the core we've higher needs
