

# Wild Beasts, Sweet Spot

The Sweetest Spot  
And it's gone, it's gone!  
Don't make me suffer again  
Just to love me  
A final deep love

Between the hurt and tender song  
Between the flash and the thunder stock  
There is a garden  
When the ?  
And dream comes to made

The Sweetest Spot  
And it's gone, it's gone!  
Don't make me suffer again  
Just to love me  
A final deep love

Between the womb and ?  
Between the break and ?  
Between the want and the get  
Between bone dry and drinking way  
It's a holy ghost of end  
Between the hands in prey
