

Wild Orchid, It's Only Your Love

Renee: in your heart I'll always find my home
In your arms I'll find my comfort
In your eyes I feel my deepest strength
So I fear no rain nor thunder, no
Stacy: no one else so inspired me
You are my breath
You're my every thing
Chorus stacy: it's only your love
That fills me all up
That heals me all up
It's all that I know
My heart and my soul
It's only your love
Stefanie: you've given meaning to my every song
All 3: and made my life the sweetest music
Stefanie: you've held me up, you have made me strong
And I thank God you chose to do it
Stacy: and now I'm flying like all 3: the egeals do
Stacy: it's all because of this
It's all because of you

Stacy: it's only your love
All 3: that fills me all up
That heals me all up
Stacy: it's all I know
All 3: my heart and my soul
Its only your love
Stacy: it's only your love
That made my life so clear
All 3: when I found you I found myself
Stacy: I'll love you for a million years
There's no one else
Chorus (3x):
Stacy: it's only your love
All 3: that fills me all up
Stacy: that heals me all up
It's all that I know
All 3: my heart and my soul
Stacy: it's only your love
It's only your love
