

Wildhearts, Give The Girl A Gun

Stay her in the concert hall
In the work place, 'tween domestic walls
The authority who says she brought it on

Give the girl a gun, give the girl a gun
He ain't no-one, give the'

Teach her how to kill a man
Give her new laws, proper female stand
You expect her to trust in anyone?

Give the girl a gun, give the girl a gun
He ain't no-one, give the'

Arm her with a can of mace
Just to spray in to the bastards face
Another victory she'd rather not have won

Give the girl a gun, give the girl a gun
He ain't no-one
Give the girl a gun, give the girl a gun
He ain't no-one
Give the girl a gun, give the girl a gun
He ain't no-one
Give the girl a gun, give the girl a gun
He ain't no-one, give the'
