

# Wildhearts, Urge

Okay, you're right!  
I mean it's only fair  
The up's gotta share with the down's  
How about we go out tonight?  
Let's just go walking around  
Okay, so you piss me off, just like everyone  
Only the ego is sacred  
You're a little too soft and you think  
I'm a little too hard

Well I, yes I can live those Saturdays  
Yes I can live those Saturdays  
I keep rolling on a day at a time

Down, shake it off, beat the peak  
Got to keep the sucker down  
Shake it off. Superfreak  
Got to beat the fucker down  
Down, shake it off, beat the peak  
Got to keep the sucker down  
Shake it off. Superfreak  
Got to beat the fucker down, down, down

Let's go away at the weekend  
Get blitzed and forget where we've been  
Get some good sounds, get some friends around  
Like Lee Harvey Oswald and Ween!

Maybe a club or a gig and we'll have it  
Or get some good grass and relax  
No burning the ends of a candle  
Let's cover each other in wax

Why? When we can live those Saturdays  
Yeah why? When we can live those Saturdays  
We just roll along a week at a time
