

Wilkinson, Heartbeat (ft. P Money & Arlissa)

[Arlissa:]

I can feel it, pushing up my heartbeat /7x

Running running, I?m running so scared
Now I?m running from the things you say
Is it real or is it in my mind
Wake me up before I close my eyes
/2x

[P Money:]

You can tell I?m excited by the way my heart is beating
I?m gonna need a riot squad to help control my breathing
Communicating with basses like I can hear it speaking
He says when you got off in a rave, it will not last this evening
I can feel it, pushing up my heartbeat
In and out of consciousness, reclining like a car seat
Rat tat tat, all I hear is my hearing depleting
Cameras flashing, I?m getting tickets, my pulse is speeding

[Arlissa]

I can feel it, pushing up my heartbeat /2x
Wake me up and save me from the darkness
Find a way to stop this, save me from the darkness

I can feel it, pushing up my heartbeat /4x

[P Money:]

Trying me hardest just to regain control (struggle)
But I feel my ears going towards the radio (struggle)
To save my old life, I?d probably have to stop listening
But I can?t stop, it?s like I swore to take an oath
Punchlines hard enough to break my nose
Sounding so serious, I don?t think it could take a joke
I could be in my bed, out cold
Dead to the world but then it?s like I feel the music raise my pulse

[Arlissa:]

I can feel it, pushing up my heartbeat /4x

Running running, I?m running so scared
Now I?m running from the things you say
Is it real or is it in my mind
Wake me up before I close my eyes
/2x

I can feel it, pushing up my heartbeat /8x
