Will Downing, Cool Water

Ummmm, yeah, yeah, yeah
Ummmm, yeah, yeah, yeah
I'm a player no more
I gave that up for you
I know that makes you happy
When I come home at night
Baby, my feelings are true
I'm not gaming on your female sense abilities
Saying things I just don't mean, naw, naw
(I intend to try) Gonna try to
(Elevate in your life) In your life
It's like cool water when the sun is shining bright
Let me ease your mind
Put serenity in your life
It's like cool water when the sun is shining bright
I'm hoping that
Nothing ever comes between the love we have
(Love we have)
You and I are destined to be sittin back
Growin old together
Talkin bout the past
(About the past)
I'll bring you happiness at last
(I intend to try) Gonna try
(Elevate in your life)
It's like cool water when the sun is shining bright
So let me ease your mind
Put serenity in your life
It's like cool water when the sun is shining bright
Happiness at last
Yours and mine alone
Can't nobody take that from us, no, no, no
So if ever you may thirst
If ever you may hurt
I'll be right there for you baby
(I intend to try) Oooooooooh
(Elevate in your life) In your life
It's like cool water when the sun is shining bright
(Let me ease your mind) Ease your mind
(Put serenity in your life) Oooooooohhh
It's like cool water when the sun is shining bright
(Just like cool water) Cold
(Just like cool water) Cold
(Just like cool water) Cold
(Just like cool water) Cold
(I intend to try) Oooooooooh
(Elevate in your life) In your life
It's like cool water when the sun is shining bright
(Let me ease your mind) Ease your mind
(Put serenity in your life) In your life
It's like cool water when the sun is shining bright
Girl let me be the one
Girl let me be the one
Girl let me beeee heeeee
I wanna be the one
Girl let me be the one
Just like cool water
(Just like cool water when the sun is shining bright)
Like cool water
(I intend to try) ooooohh
(Elevate in your life) In your life
It's like cool water when the sun is shining bright
(Let me ease your mind) Just let me ease your mind
(Put serenity in your life) In your life

Just like cool water when the sun is shining bright
