

Will Smith, Nod Ya Head (The Remix)

We come to make it hot for ya!

When we get down with the black suits baby,
Just lettin' loose up in here, go crazy,
The way we bouncin' and shakin', I know you feelin' me,
So get up out ya seats, come on and nod your head with me..
When we get down with the black suits baby,
Just lettin' loose up in here, go crazy,
The way we bouncin' and shakin', I know you feelin' me,
So get up out ya seats, come on and nod your head with me..

I am the man in black, i'm back,
Breakin' the back of the, random attackers,
So can the flack,
Yo, i'm dangerous, i've been trained to bust,
When the strangerous, tries to endanger us,
Praise me y'all, don't nuthin' phase me y'all,
When they see me, the games be all crazy y'all,
They say i'm a myth, trust me if somebody rips out of the depths
of your imagination,
Appears Will Smith,
Black suits, the black shades, black shoes,
Black tie with the black attitude,
New sound, black Ray-Bans, i'm stunnin' man,
New hotness, pitch black, ...? man,
Don't you understand,
What you thought I wouldn't come again,
Leave you hangin' without bringin' you the fun again,
Tangoin' with the alien scum again,
Mind your manners or the black suits runnin' in..

Thinkin' she be superwoman, or black kryptonite,
Finishin' whatever you start son,
The best lookin' crime fighter since myself in part one,
Better act right, play nice, and sing along,
'Cause Kay's back, and he hype, what, bring it on,
We come to make it hot for ya,
Come to throw down the block for ya,
Come to crack the street for ya,
Blast the windows out your jeep for ya,
We don't wanna hear a peep baby,
Gotsta recognize the heat baby,
It's the M.I.B. baby,
Got sumthin' for all eyes to see baby..

Check it! Check it!
Case closed, erase my foes,
Chased away by the black suit, shades, and clothes,
We above the law, Feds can't touch me y'all,
Highly ranked black blank I.D. cards,
So disregard what you think you saw,
Put that phone down now, who you think you callin',
One little flash then, goodnight dear,
Just open your eyes honey, look right here,
Thank you, mission completed, I mean it,
We've always defeated,
You sayin' we did, with even weapons to clean it,
Galaxy defenders, don't act like you don't remember,
Takin' contenders, and provin' they only contenders,
Ladies and gentlemen, boys and girls,
The Men In Black is back to protect the world,
When the enemy is near, the elite is here,
So have no fear,
Just let me see you nod ya head..

When we get down with the black suits baby,
Just let loose up in here, go crazy,
The way we bouncin' and shakin', I know you feelin' me,
So get up out ya seats, come on and nod your head with me..
When we get down with the black suits baby,
Just let loose up in here, go crazy,
The way we bouncin' and shakin', I know you feelin' me,
So get up out ya seats, come on and nod your head with me..

Come to throw down the block for ya,
Come to crack the street for ya,
Blast the windows out the jeep for ya,
