

William Fitzsimmons, Afterall

I still love you after all
i still love you after all
i still love you after all
i still love you after all

i still want you after all
i still want you after all
i still want you after all
i still want you after all

will you keep me after all
will you keep me after all
will you keep me after all
will you keep me after all

please don't leave me after all
please don't leave me after all
please don't leave me after all
please don't leave me after all

for better or worse after all
sickness and health after all
till death do us part after all
till death do us part
for better or worse (after all) after all
sickness and health (after all) after all
till death do us part (after all) after all
till death do us part
for better or worse (after all) after all
sickness and health (after all)
i still love you after all
till death do us part (after all)
i still love you after all
till death do us part
i still love, i still love
after all
after all
after all
