

# William Tell, You Can Hold Me Down

You can hold me down  
I know you'd like to change but you don't know how  
Yeah, everything is great here in your shadow of doubt  
I want to hold you the way that you hold me

I need just touch to move me  
I need you who sees right through me  
I can't stand to hear you say  
"Your yesterdays were all my mistakes"  
Why do I give so much when you give up?

You can hold me down  
I know you'd like to change but you don't know how  
Everything looks great here in your shadow of doubt  
But I'm going to hold you the way that you hold me down
