

# Willie Dixon, Flamin' Mamie

They call her Flamin' Mamie  
She's the hottest thing in town  
When it comes to loving  
She's a human oven  
She can really mow 'um down  
Every time she  
shimmy  
Every time the poor girl shake  
Mamie do more damage  
Than the San Francisco quake  
Mamie loved the fireman  
The fireman had to retire  
Said he tried the rest  
But she's the best  
She's hotter than Chicago's fire  
Mamie told guitar red  
She could love a man  
Till he falls dead  
She told Cruda Crall, John and Jack  
She would love them all  
Till she breaks their backs  
Mamie loved her way to hell  
She loved the devil  
And she loved him well  
Little devil running up and down the wall  
Saying do something daddy  
She's gonna love us all
