

Willie Dixon, Pain In My Heart

This pain in my heart, sometimes it's true
It makes me happy; sometimes I act the fool
This pain in my heart, is only here for you
This pain in my heart, it makes me sigh
Sometimes I'm laughin', again it makes me cry
This pain in my heart, it makes you my desire
Oh, baby, you know it's true
Deep down in my heart dear,
there's only love for you
This pain in my heart, it drives me mad
Sometimes it's good, again I feel so bad
This pain in my heart, the worst I've ever had
Oh, baby, you know it's true
Deep down in my heart dear,
there's only love for you
This pain in my heart, it drives me mad
Sometimes it's good, again I feel so bad
This pain in my heart, the worst I've ever had
