

Willie Dixon, That's All I Want Baby

Give me a little bit a money
And a few fine clothes
A whole lotta lovin';
And let it be yours

That's all I want, baby
That is to be with you
I wanna love you, baby
If it breaks my heart in two

Give me a little bit a city
And a big fine car
So I can find you, baby
Wherever you are

That's all I want, babe
That's is to be with you
I wanna love you, baby
If it breaks my heart in two

(sax & instrumental)

Give a whole lotta this
And a little bit a that
And I can find my baby
Wherever she's at

That's all I want, babe
That's is to be with you
I wanna love you, baby
If it break my heart in two

I wanna love you, baby
If it break my heart in two

FADES

I wanna love you, baby
If it break my heart in two.
